

Sproat Lake Marine Patrol Summer Student Employment Social Media Submission Guidelines Alberni-Clayoquot Regional District

The Sproat Lake Marine Patrol will manage and create social media content in the 2022 summer program in an effort to increase the effectiveness and reach of the marine safety education campaign.

Due to this creative communication component, the ACRD is seeking interested applicants who are fluent in social media platforms and have appropriate skills to create social media content. Applicants are asked to submit a detailed resume as well as a sample social media content created by the applicant on a major social media platform, such as Facebook, Instagram, Twitter or Tik Tok.

Please submit the sample social media content by either providing an accessible link or included as an attached file within an email.

Have the content of the sample social media content focus on one of the following: the applicant, marine safety, or Sproat Lake. The intention is to demonstrate that the applicant holds the necessary skills to create informative and visually appealing content. Be creative and make it fun.

The sample social media submission will not be shared outside of the ACRD hiring team without the applicant's permission.

If anyone other than the applicant appears in the sample content, their written permission must also be submitted.

Please submit application to recruitment@acrd.bc.ca

The Closing date is **Friday, May 6th, 2022 at 4:00 pm.**

We thank all applicants for their submissions; however, only those candidates under further consideration will be contacted.
